- FOOD SAFETY AND QUALITY ASSURANCE POLICY -

JBS Australia is committed to meeting all legal and licensing requirements in relation to food safety and quality assurance.

This commitment is achieved by:-

1. Implementing food safety and quality assurance controls throughout all stages of the supply chain.
2. Ensuring the food safety program meets all requirements of the Australian Quarantine Inspection Service (AQIS).
3. Maintaining very strict hygiene requirements to ensure that all products prepared for human consumption are wholesome.
4. Requiring employees at all times to comply with all hygiene specific training, instructions and directions.
5. Ensuring the quality assurance program meets the requirements of AUS-MEAT.
6. Maintaining very strict quality assurance standards that are essential to customer requirements.
7. Ensuring that our product through the role of designated Quality Assurance Officers at all sites complies with customer specifications prior to sale and distribution.
8. Requiring employees at all times to comply with all product specific training, instructions and directions and assist Quality Assurance Officers in the performance of their duties.
